## EXPERIENCE

**MERN Stack Developer** | Freelance · Fiverr & direct clients · Remote | 2022–Present

- Built and delivered responsive React and Next.js applications, from client requirements through deployment.
- Worked with client feedback to improve interfaces, usability, and performance; provided deployment handoffs.
- Published production-ready web builds using Netlify and Vercel.

**Full-Stack Developer** | Independent product development · Remote | 2023–Present

- Built and deployed DebiasDaily and developed beta products including BloomMind Tracker, NexCartis, ChronoBloom, and Boostlly.
- Handled UI component architecture, API integration patterns, and deployment workflows; documented projects for public review.

## SELECTED PROJECTS

**DebiasDaily** | https://debiasdaily.com

Daily cognitive-bias awareness product featuring guided content and mindful habit experiences. Tech: Next.js, TypeScript, Tailwind CSS.

**NexCartis (Beta)** | https://nextcartis.netlify.app

E-commerce-style storefront featuring shopping-cart and product browsing flows. Tech: Next.js, React, Tailwind CSS.

**ChronoBloom (Beta)** | https://chronobloom.netlify.app

Time and focus companion with a calm, product-oriented interface. Tech: Next.js, TypeScript.

**BloomMind Tracker / Boostlly (Beta)** | Independent products

Wellness and productivity dashboards for tracking habits, mood, progress, and goals. Tech: Next.js, TypeScript / React.

## EDUCATION

Bachelor of Technology (B.Tech) | Lovely Professional University | 2019
